america's top selling prescription drugs

If we do not love with the body, can we love with the mind? If we do not love variously, freely, admitting the lure first of this quality and then of that, can we at length choose out the one quality that is essential and adhere to it and so make peace among the warring elements and pass into a state of being which transcends the "Hee and Shee"? Even while he was at his most fickle and gave fullest scope to his youthful lusts, Donne could predict the season of maturity when he would love differently, with pain and difficulty, one and one only. Even while he scorned and railed and abused, he divined another relationship which transcended change and parting and might, even in the bodies' absence, lead to unity and communion:
