prescription renewal

indefiniteness, depending on whether a claim is pre-issuance or post-issuance? Or does the new Supreme Court requirement for definiteness — that a patent must inform a person skilled in the art about the scope of the invention “with reasonable certainty” — wind up being equivalent to USPTO’s demand that “the scope of a claim ” be reasonably ascertainable by those skilled in the art”, as stated in the Manual of Patent Examining Procedure? If there are differences still between the two standards, what will that mean for Covered Business Method and Post Grant Review proceedings at the PTAB, where petitioners can use indefiniteness arguments to challenge issued patents?
