We know this is very frustrating, and we think this may have caused some of the misunderstanding here. FDA is fully committed to make safe and effective drugs available for patients with Duchenne muscular dystrophy as soon as possible, and is actively engaged with all drug companies developing new drugs for Duchenne muscular dystrophy, including Sarepta Therapeutics, the company developing eteplirsen. As you may know, we recently participated in a policy forum with the Duchenne community, including patients, parents, experts, and other stakeholders
